

Sage Pastel Job-SYS

Job-SYS is a comprehensive and affordable job costing solution that seamlessly integrates with Sage Pastel Accounting.

With accurate and consistent quotation and job management, Job-SYS will help you to maximise your business's productivity and realise your revenue potential.

Over 60 South African Sage Pastel Job-SYS clients are currently enjoying significant improvements in their cash flow, job visibility, inventory control and cost management.

Sage Pastel Job-SYS helps you prepare quotations for your customers and prospects while managing your resources, sub contractors, stock and purchasing. Real time integration with your accounting system means you'll always have a true view of your business.

Sage Pastel Job-SYS will help you:

- View the estimated versus actual costs of each job
- Invoice on a fixed amount, percentage or quantity complete basis
- Monitor the ongoing profitability of each job
- Structure multiple projects or task groupings per quote or job
- Track sales, maintenance, repair and refurbishment of equipment

It will also enable you to:

- Create multiple standard job templates that are used to quickly build consistent quotations and jobs
- Define multiple job types with standard quotation formats
- View and control outstanding quotes and jobs with customised status tracking
- Link unlimited documents in any format to a quote or job and enjoy total visibility into related contracts, drawings, specifications etc
- Place purchase orders for inventory or individual jobs
- Control subcontractors or outwork
- Access job history by serial number, unit number, registration number, technicians, project managers and more
- Track labour and materials used
- Choose to record time spent via barcode scanners or manually, allowing productivity to be monitored
- View and account for work in progress
- Purchase and track buyouts

Should you be open to exploring the potential business benefits that Job-SYS offers your organisation, kindly contact Mike on 083 380 0880 or 021 782 9455 or e-mail mike@lvmassociates.co.za or visit www.lvmassociates.co.za.
